

An aerial photograph of a church campus during sunset. The sun is low on the horizon, casting a warm orange glow over the scene. In the foreground, there is a large, white, peaked tent structure with several arched windows along its base. To the left, there are several multi-story church buildings with grey roofs. A parking lot with yellow lines and a few cars is visible in the middle ground. The sky is a mix of orange, yellow, and blue.

# FEARLESS UPDATE

BOLDLY  
PURSUING  
JESUS  
AND HIS  
MISSION

APRIL 2019

I love these words (attributed to Frenchman Antione de Saint-Exupery):

*If you want to build a ship  
do not drum up people to gather wood  
divide the work and give orders  
Instead, teach them to yearn  
for the vast and endless sea*

It's impossible to be on West Side's campus and miss the fact that we're constructing new space. But I hope you've noticed that we haven't totally shifted our focus to construction details.

Behind the scenes, sure, both our professional partners and we are discussing floorplans, systems and budgets. And, yes, we are trying to keep you up-to-speed on how to navigate our campus and facility during construction.

But the vast majority of our collective time and energy *continues* to be poured into our core ministry: planning worship gatherings, serving our city, creating environments, leading volunteers, preparing to engage people with God's word, supporting people who need comfort or guidance, and helping believers grow into more devoted followers of Jesus.

Explorers build ships because ships make greater adventures possible. Healthy churches construct buildings because more space makes it possible for more people to be impacted by our message and ministry.

Let's never lose our passion for "the vast and endless sea" of God's kingdom.

# BOLD COMPASSION

\$1.5 million to unleash a fresh wave of help and hope through our local and global mission partners in Kenya, Myanmar, India and beyond.

## Myanmar Hope Christian Mission

Your Fearless generosity is funding a new prison ministry building in rural Myanmar. Funds were sent in December and construction is already scheduled for completion in June! In this region of the world, family members often travel many days to visit imprisoned relatives with few options for overnight accommodations. Thanks to your gifts, the love of Christ will be shared with hundreds of inmates and their families through the ministry of this new guest house.

“

THANK YOU! Your many prayers and generous gifts make the work being done in Myanmar possible.

Chuck Cherry, Director of Myanmar Hope Christian Mission

## Harvard Park

West Side's decade-long partnership with Harvard Park Elementary School continues thrive in fresh, new ways. Thanks to your year-end Fearless generosity and volunteering efforts, every class at Harvard Park received a Christmas party equipped with games, snacks and loads of holiday cheer. It's our honor to partner with this at-risk school in bringing help, hope and love to Harvard Park's staff and students.

“

Seeing our students loved by Westsiders and being able to experience their excitement was terrific! The kids loved the fun activities, and I loved getting the break from having to plan them.

In February, **255** kids and students attended Believe and Superstart, high-energy weekend events designed to help the next generation grow in their relationships with God, friends and caring adult leaders.

Rooted is 10-week experience designed to catalyze life transformation. In January 2019, nearly **200** Westsiders participated in Rooted for the first time. Rooted participants created new spiritual habits, connected with friends who became like family and sensed the love of Christ in a new way. Hundreds of Westsiders are walking a little taller and stronger these days thanks to the 10-week Rooted journey.

**“**Believe is a total life-changer. The games we played were a blast. The teachers are great and easy to relate to and I really connected with the worship and felt God's presence. Believe was such an amazing experience!

# BOLD GROWTH

\$12 million to expand our campus and make room for EVERYONE who does not yet know the love, hope and freedom of Jesus Christ.

Construction on West Side's new kids wing and concourse addition kicked off on March 4. This space will include over 12,000 sq ft of additional children's worship & activity space, dedicated rooms for our friends with special needs and an indoor playground with a gathering area for families.

“

We made a Fearless commitment because the chance to contribute to something that would impact our kids' lives and would also last for generations to come was just impossible to turn down.

- Shaun & Ginny Anders  
Parents of Atticus, Archer & Tenley

Sacrificial giving isn't comfortable – in fact, it can be downright scary. But, when paired with deep faith and trust in God, it's a beautiful thing. Meet Shaun and Ginny. From the get-go, these long-time Westsiders knew they wanted to be a part of FEARLESS, but as the parents of two autistic sons who require expensive therapy, they didn't quite know how sacrificial giving would fit into the plan. However, it soon became clear – it was all about faith.

As they considered the many Westsiders who gave sacrificially in order to create space for their family, they knew they had to be a part of doing the same for others, so they dove in, trusting God would take care of their sons' needs. Today, Shaun and Ginny are living and giving FEARLESSLY and look forward to the day when thousands more come to know the transforming power of Jesus at West Side.
